

## SimplePie 1.x - Feature Request # 125: Parse RSS 2.0 category 'domain' attribute

<b>Status:</b>	Fixed	<b>Priority:</b>	Medium
<b>Author:</b>	ekes_	<b>Category:</b>	-
<b>Created:</b>	2009-03-06	<b>Assigned to:</b>	-
<b>Updated:</b>	2009-06-19	<b>Due date:</b>	
<b>Subject:</b>	Parse RSS 2.0 category 'domain' attribute		
<b>Description:</b>	<p>RSS 2.0 &lt;category&gt; can have one optional attribute 'domain'. It would be nice to have this available.</p> <p>I've rolled a test patch, this is more an explanation of what I mean than a patch, it pops it in the scheme value:</p> <pre>&lt;pre&gt; Index: simplepie.inc ===== --- simplepie.inc (revision 1035) +++ simplepie.inc (working copy) @@ -3300,6 +3300,20 @@      }      \$categories[] =&amp; new \$this-&gt;feed-&gt;category_class(\$term, \$scheme, \$label);    } + foreach ((array) \$this-&gt;get_item_tags(SIMPLEPIE_NAMESPACE_RSS_20, 'category') as \$category) + { +   \$term = null; +   \$scheme = null; +   if (isset(\$category['data'])) +   { +     \$term = \$this-&gt;sanitize(\$category['data'], SIMPLEPIE_CONSTRUCT_TEXT); +     if (isset(\$category['attrs']['domain'])) +     { +       \$scheme = \$this-&gt;sanitize(\$category['attrs']['domain'], SIMPLEPIE_CONSTRUCT_TEXT); +     } +     \$categories[] =&amp; new \$this-&gt;feed-&gt;category_class(\$term, \$scheme, null); +   } + }   foreach ((array) \$this-&gt;get_item_tags("", 'category') as \$category)   {     \$categories[] =&amp; new \$this-&gt;feed-&gt;category_class(\$this-&gt;sanitize(\$category['data'], SIMPLEPIE_CONSTRUCT_TEXT), null, null);   } &lt;/pre&gt;</pre> <p>If you're in agreement it's valid attribute etc.. I'll happily roll against what ever correct version, and with appropriate standards. I note trunk is already checking for RSS2 rather than parsing all categories, but isn't looking at the attributes.</p>		

### Associated revisions

#### 2009-06-18 06:58 - Geoffrey Sneddon

Get rss2:category@domain as scheme. Fixes #125.

### History

#### 2009-03-07 06:15 - ekes\_

- File *simplepie.inc.20090307.patch* added

FWIW I cleaned up the above to make it more like the equivalent atom code already there, and added the feed level category the same. I'm running it

on a test site now.

**2009-06-18 07:15 - Geoffrey Sneddon**

- *Status changed from Unconfirmed to Fixed*

Applied in changeset r1045.

**2009-06-18 07:16 - Geoffrey Sneddon**

Uh, yeah, I meant to review the patch a while ago. But then I needed it while on the train, so I coded it myself, so it is now fixed.

**2009-06-19 05:55 - Geoffrey Sneddon**

- *Target version set to 1.2*
