

SimplePie 1.x - Defect # 75: Compatibility Test Claims mbstring/iconv required

Status:	Verified	Priority:	High
Author:	Geoffrey Sneddon	Category:	Compatibility Test
Created:	2008-06-06	Assigned to:	Ryan McCue
Updated:	2008-11-09	Due date:	
Affected Version:	1.1.1		
PHP Version:	5.2.6		
mbstring enabled:	No		
iconv enabled:	No		
cURL enabled:	No		
zlib enabled:	No		
Subject:	Compatibility Test Claims mbstring/iconv required		
Description:	Neither is required, and parts of the compat. test account for this. This should be fixed as a matter of urgency for 1.1.2, as well as for 1.2. Reverting parts of r912 should do fine (though please do fix the grammar issues).
